Dear NAME OF CHILD,

What's hard and white and wiggles when you talk?... A loose tooth!

Teeth are my specialty, you know, and this one is super special! You grew it! And now that you have lost it, I get to take it to Fairyland and use it in the castle walls. Did you know that is good luck? Well it is.

Baby teeth hold the memories of childhood and if I have those teeth saved in my castle walls, you will always have those memories, too! Thank you for trusting me enough to save those memories and for sharing them with me!

Until next time, love you so much.

The Tooth Fairy
