Dear NAME OF CHILD,

Hi there! I was so very excited to see your name on my list again! As soon as I did, I flew right over!

What great teeth you grow! And I know that if you grow great baby teeth and take care of them, you will grow great adult teeth and take care of them, too.

What else do you take care of? I imagine you have a chore or two to do. With chores, we take care of our homes and those we love, so it is important that you always do the chores you are given.

Smile! Be happy! And remember to keep brushing those teeth!

With love,

The Tooth Fairy
