Dear CHILD NAME,

Hi! I was looking under your pillow for your tooth when I saw your note. I am sorry to hear that you misplace your loose tooth. I bet that was a surprise!

Some times even kids swallow a tooth or get lose in different ways.

Well, do not worry about it at all. I understand that these things happen, and I am leaving you some gift just the same. I have plenty of teeth in my collection, and while I treasure all of your teeth, I won't miss just one.

Please keep brushing and flossing so your teeth stay healthy and strong. I am so proud of you!

Love you,

The Tooth Fairy
